indicating the item on which he or she wishes to comment.

**Commented [MC1]:** Louis, any comment must indicate what item on the agenda it is addressing and it should be read at the time that the matter is discussed on the agenda after it is discussed. If it is an action item, then a motion should be made to approve. Once the motion is made and there is a second, then you should read any public comment related to that issue. After that, a vote can be taken. Remember that you do not have to respond to a public comment. You can listen to what is being said, acknowledge it and then vote..
